CHAPTER 1 STAFF ESTABLISHMENT, JOB DESCRIPTION, AND JOB EVALUATION

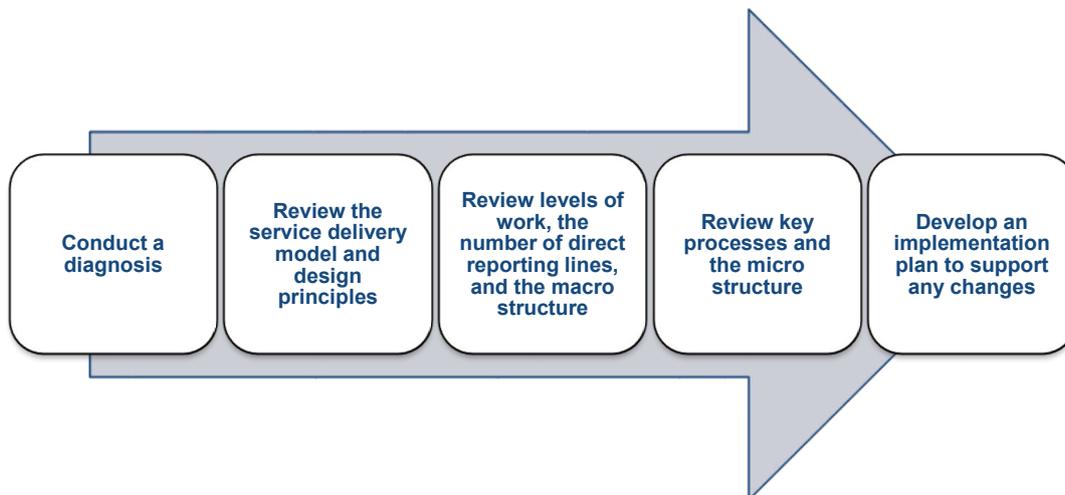

GUIDELINE 1A DETERMINING HUMAN RESOURCE REQUIREMENTS

Reviewing staff establishments

1. (1) When reviewing its staff establishment, a municipality should implement the following steps:
 - (a) conduct a diagnosis;
 - (b) develop or review the service delivery model and design principles;
 - (c) review levels of work, the number of direct reporting lines, and the macro structure;
 - (d) review key processes and the micro structure; and
 - (e) develop an implementation plan to support any changes.
- (2) These steps are represented in Figure 1 below.

Figure 1

Staff establishment review process

Conduct a diagnosis

2. (1) The diagnosis should involve an analysis of whether the municipality's service delivery model and staff establishment—
- (a) supports the municipality's mandate;
 - (b) are congruent with the regulatory framework;
 - (c) supports national and provincial priorities; and
 - (d) supports the municipality's integrated development plan and Service Delivery and Budget Implementation Plan (SDBIP).
- (2) The diagnosis should also—
- (a) assess the environment and identify threats and opportunities;
 - (b) identify strengths and weaknesses of the existing staff establishment;
 - (c) motivate for change, taking into account financial and human resource consequences; and
 - (d) identify risks associated with any proposed changes and ways in which those risks could be mitigated.

Review of service delivery model

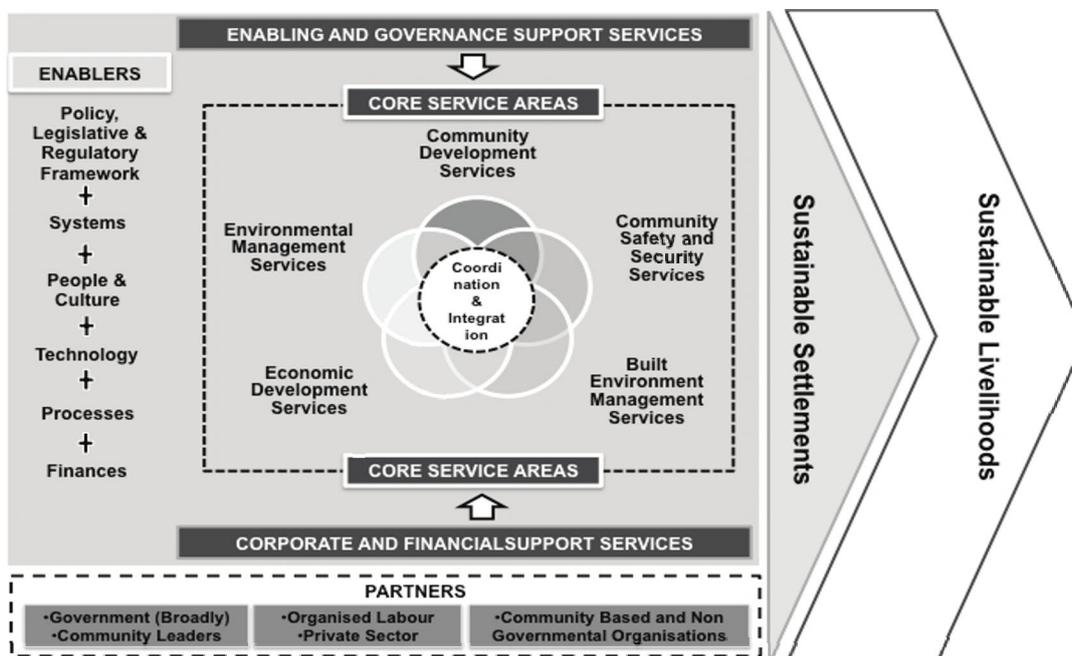

3. (1) The purpose of reviewing the municipality's service delivery model is to ensure that it reflects the municipality's mandate and meets its obligations to its community.
- (2) The review should be guided by the following three objectives:
- (a) The service delivery model should be effective so that the municipality is able to deliver on its mandate and the needs of its stakeholders in an integrated way;
 - (b) the service delivery model should be efficient so that the municipality's services should be delivered in a cost effective manner; and
 - (c) the service delivery model should be empowering so that the municipality is able to develop and deploy the required capabilities of the municipality effectively.
- (3) In performing the review the municipality should —
- (a) analyse how service users and recipients are segmented into categories such as geographic areas, demographic groups, and socio-economic groups. Segmentation is guided by an understanding of community's needs and expectations; and
 - (b) distinguish between core service areas and governance and support services.
 - (i) Core services, which tend to be externally focused, include economic development services, regulation services, and environmental services.
 - (ii) Governance and support services enable delivery of core services, and include financial, human resources, information technology, legal, risk and governance, internal audit, strategy, performance monitoring and communication functions.
 - (c) Determine which services should be clustered and the extent to which they should be centralised or decentralised.
 - (i) Services may be clustered according to various categories, including by function, service, geography, community segment, or a combination of these categories.
 - (ii) The level of centralisation or decentralisation of the provision of a service may include assessing the desirability and feasibility of shared services.
 - (d) Determining the extent to which technology may enable service delivery.

- (e) Consider alternative service delivery models, which may include outsourcing, in-sourcing, public-private partnerships, network relationships, and one-stop services like multi-purpose community centres.
- (4) The preferred way of organising the municipality's services should be decided after identifying the options, and weighing the advantages and disadvantages of each, including thorough evaluation of the risks and opportunities that each option presents.
- (5) The figure below illustrates an example of a service delivery model:

Review of organisational design principles

4. Table 1 below contains organisational design principles that may assist and guide the municipality's decision-making around organisational design choices.

Table 1: Organisational Design Principles

NO.	DESIGN PRINCIPLE	DESCRIPTION
1	Constitutional values of public administration	The values and principles in Chapter 10 of the Constitution should inform organisational design. This means that organisational design should promote fair and equitable service delivery, efficient and effective use of resources, transparency and accountability.
2	Focus on strategic priorities	Organisational design should be informed by and be responsive to the strategic priorities of the three spheres of government.
3	Optimal alignment (structure must ensure alignment with instruments of governance)	<ul style="list-style-type: none"> • Focus on the whole of the system of governance. • Ensure planning and budget cycle alignment. • Ensure adequate information to plan strategic and operational programmes of action. • Generate accurate and adequate information to justify budgetary requirements.
4	Structure must support focus on citizens' needs	<ul style="list-style-type: none"> • People First (Batho Pele): organisations should be designed with the users and beneficiaries of services in mind, taking into account the various types of citizens and how to meet their different needs. • As far as possible, all roles should include opportunities for interaction with service recipients.
5	Optimal co-ordination (structure must support integrated working methods)	<ul style="list-style-type: none"> • The purpose of each team and its contribution to the overall organisational objectives must be clear. • Silo behaviour should be discouraged.
6	Required level of integration (structure must provide flexibility for individuals to expand their skills)	<ul style="list-style-type: none"> • Roles should be designed so that staff have the flexibility to cover other roles within the same team where required. • Design for critical mass in respect of resource utilisation.
7	Clear allocation of responsibilities	<ul style="list-style-type: none"> • Clearly define high-level responsibilities and key outputs of each role, and key inter-dependencies.
8	Foster learning and innovation	<ul style="list-style-type: none"> • Organisational design should foster learning and innovation, particularly in service delivery. This means that organisational structures should enhance internal and external communication, and encourage information sharing and knowledge management.

Review levels of work

- 5.** (1) Levels of work fall into three broad categories:
- (a) The strategic level, which is focused on leading the organisation and engaging with stakeholders (the top levels);
 - (b) the operational level, which is focused on planning, organising, and managing (mid-levels); and
 - (c) the transactional level, which is focused on activities (lower levels).
- (2) Determining the level at which a job is located is important because—
- (a) it guides staff on where they should be focusing their energies;
 - (b) ensures the appropriate utilisation of resources;
 - (c) facilitates the alignment of people and roles by matching the “right” people to the “right” roles; and
 - (d) facilitates effective talent management and succession planning.

Review span of control

- 6.** (1) Spans of control refer to the number of staff reporting to one manager.
- (2) The number of levels in an organisation is influenced by decisions around spans of control.
- (3) Decisions around spans of control are influenced by—
- (a) the industry and size of the organisation;
 - (b) the nature of the work, with routine functions usually having wider spans of control and specialist functions having narrower spans of control;
 - (c) management methods, with managers who delegate effectively managing wider spans of control;
 - (d) staff competence, with competent employees requiring less supervision; and
 - (e) the degree of oversight required, with higher risk functions require greater supervision.
- (4) The typical span of control ratios (managers: staff) are—

Level	Ratio
Senior Managers	1 : 6 – 10
Middle managers	1 : 5 – 13
Front line supervisors	1 : 5 – 38

Review of macro structure

7. (1) The next step in determining the number and nature of jobs involves the review of the macro structure, which involves the top three levels in the municipality.

(2) This involves disaggregating each service or cluster of services identified in the service delivery model into roles by determining—

- (a) the various components of economic development services, which may include electricity, water, roads, and refuse removal; and
- (b) the various components of human resources management, which may include talent management, employee relations and human resources information management.

Review key processes and the micro structure

8. (1) The next step is to review the key processes that underpin each of the services in the service delivery model.

(2) The starting point for reviewing a process is the policy that underpins each of the services in the service delivery model.

(3) A key purpose of the process of review is to identify ways of streamlining processes to increase efficiencies and effectiveness by focusing on those areas as detailed in table 2 below:

NO.	FOCUS AREA	QUESTION TO ANSWER
1	Bottlenecks	Are there points in the process slowed by redundant or unnecessary steps, lack of capacity or other factors?
2	Weak links	Are steps inhibited by inadequate training or equipment that needs to be repaired / replaced?
3	Poorly defined steps	Are steps open to interpretation and potentially performed in a different way by each person involved, leading to variation / inconsistency?
4	Low value-added actions	<ul style="list-style-type: none"> • Are there steps that add no value to the output of the process and could be eliminated? (A good question to ask is whether a customer would pay to have this step completed.) • Are there too many actors doing minor tasks that could be done by one person?
5	Non-critical actions	Are there non-critical steps (e.g. recording, filing) that hold up a process?
6	Handoffs	Are there too many handoffs (movements between actors)?

NO.	FOCUS AREA	QUESTION TO ANSWER
7	Too much sequence	Are steps happening too much in sequence when they could occur in parallel?
8	Exception overrule	Do problematic cases that make up 10 or 20% of the workload get in the way of the other 80 or 90%?
9		Escalation approval / information loops Are there unnecessary referrals to higher layers in a structure for decision-making / information sharing?
10	Co-ordination	Is there a role that co-ordinates other roles and tasks? (Often a symptom of a bad process is staff working in isolation of one another.)
11	Undefined roles	Are roles undefined, leading to confusion about who does what?
12	Work and inspection	Are these separated?

Table 2: Focus areas for process review

(4) Each process should be supported by a decision rights (RACI)¹ matrix that specifies who is responsible, who is accountable, who should be consulted, and who should be informed in respect of each activity in the process.

(5) Some of the factors that influence staffing numbers are—

- (a) the nature of the functions allocated to the municipality;
- (b) the types and extent of services it delivers;
- (c) spans of control;
- (d) the labour intensity of operations or the extent of mechanisation; and
- (e) the extent of outsourcing.

(6) A work study may be necessary to determine with more accuracy the number of people required to produce a product or deliver a service.

(7) A work study uses various tools to calculate the time it takes to complete tasks and the methods for carrying out those tasks. This will in turn assist the municipality to determine the number of staff members required for each role in the structure.

Determination of balance between support and line functions

9. (1) When reviewing its staff establishment, a municipality must ensure that an appropriate balance between support staff and operational staff is achieved.

(2) Support staff is considered an indirect headcount, whereas operational staff or line function staff are considered direct headcount.

(3) Operational staff performs core service delivery functions, while support staff provide ancillary support services.

(4) The direct: indirect staff ratio measures how many staff members are dedicated to delivering services versus the number that support them.

(5) A municipality should aim for a direct: indirect staff ratio of at least 3: 1.

Implementation plan to support any change

10. (1) The implementation plan must determine the impact of any change upon staff and the municipality's finances.

(2) The impact of the proposed changes may require the municipality to reconsider some of its choices in order to mitigate negative impacts.

(3) When the change is determined, the municipality should determine the following in order to maximise support for the change while minimising resistance to the change:

- (a) Articulate the case for change, including the reasons for the change, how it will benefit the community, the municipality and staff.
- (b) Identify key stakeholders and their needs and interests;
- (c) develop a sequenced change management plan, detailing what will happen when, to whom, where, and how; and
- (d) design a consultation process for engaging with stakeholders.

CHAPTER 2**RECRUITMENT, SELECTION AND APPOINTMENT OF STAFF****GUIDELINE 2A****GUIDELINES FOR RECRUITMENT, SELECTION AND ADVERTISING OF VACANT POSTS****Introduction**

1. (1) The recruitment and selection of staff forms part of the municipality's staff attraction strategy and its broader talent management framework.

(2) The recruitment and selection of staff should support and enable the municipality's capacity needs.

(3) Recruitment strategies should be designed to attract and retain diverse, qualified applicants, including persons with scarce skills and talent.

Request to fill vacant or new post

2. (1) When a vacancy occurs or a new post has been created that has not been filled, the supervisor within whose delegated authority the post falls must—

- (a) confirm with the manager responsible for human resources that the post is approved and funded;
- (b) develop the required job description, in collaboration with human resources;
- (c) complete a written request and motivation to fill the vacant or new post; and

- (d) ensure that the specified inherent requirements of the job are reasonable and necessary to perform the duties associated with the post and are non-discriminatory.
- (2) The written request and motivation to fill a vacant or new post must be submitted to the relevant manager as set out in regulation 20(2) for approval.

Advertising of vacant post

3. (1) On approval being granted to fill a vacant post, human resources should develop a job advert for the post to be advertised within the municipality and externally, where appropriate.
- (2) The job advert must at least specify those requirements as set out in regulation 22(2).
- (3) Advertisements should be placed to reach, as efficiently and effectively as possible, the widest pool of internal and external potential applicants.
- (4) The municipal manager must determine whether a recruitment agency or head hunting process is to be used for any recruitment process.
- (5) The manager responsible for human resources or the staff member to whom this is delegated is responsible for simultaneously placing internal and external advertisements in the most appropriate forums or publications.
- (6) The manager responsible for human resources or the staff member to whom this is function is designated must record all internal and external applications and must update the information as the selection process unfolds.
- (7) The record that must be maintained must comply with the regulations.

Shortlisting

4. (1) Shortlisting refers to the process of reducing the number of applicants to be considered for the vacant post.
- (2) A set of selection criteria must be determined and applied to ensure that the process is fair and non-discriminatory.
- (3) The selection panel appointed to recommend the appointment of persons to the vacant post must perform the shortlisting and develop the shortlist.
- (4) The appointment of the selection panel must comply with regulation 25 of the Regulations.
- (5) The selection criteria must be objective, relate to the requirements of the job and the future needs of the municipality.
- (6) The appointed selection panel must determine the criteria according to—
- (a) the specific competencies, skills and abilities required for satisfactory performance in the job; and
- (b) the key performance areas of the vacant post.
- (7) The supervisor and the manager responsible for human resources or the staff member to whom this is delegated must agree shortlisting methods before they are applied, which may include the screening of curriculum vitae, telephonic interviews, and competency-based evaluations.
- (8) The number of people on the shortlist should be restricted to those who show in their applications that they clearly meet the minimum requirements, which are—

(a) all the skills, knowledge, competencies and abilities identified in the job description that the potential candidate must possess at the time of appointment, or which the candidate would be able to acquire in a reasonable time; and

(b) all the qualifying criteria for the post.

(9) The supervisor and the manager responsible for human resources or the staff member to whom this is delegated must take into account formal qualifications, prior learning and relevant experience, or the capacity to acquire the necessary skills and competencies within a reasonable time.

(10) If a large number of applicants meet the minimum selection criteria, a further shortlisting process may be required.

(11) The selection panel must maintain a comprehensive record of the shortlisting process and the decisions taken.

Reference and personal credential verification

5. (1) The manager responsible for human resources or the staff member to whom this function is delegated must conduct the screening of the shortlisted candidates in compliance with regulation 28.

(2) The results of the screening process must be captured in writing for each shortlisted candidate and submitted to the selection panel.

Interviews

6. (1) The manager responsible for human resources or the staff member to whom this function is designated must submit to the selection panel, within five days of the screening being completed, the following:

(a) the list of shortlisted candidates; and

(b) the results of the screening process.

(2) Each of the shortlisted candidates must be interviewed.

(3) The purpose of the interview is to expand on information provided in the application, collect new information, further assess the applicant's degree of competence and assess whether the applicant matches the requirements of the job.

(4) Prior to the interviews, the panel should meet to confirm:

(a) the process to be followed;

(b) the selection criteria for the advertised post based on the relevant qualifications, experience, competencies, skills and expertise required for the post; and

(c) the questions to be asked.

(5) During the interview the selection panel is responsible for ensuring that—

(a) the interview is structured;

(b) consist questioning techniques are used across interviews;

(c) there is a competency-based focus on the requirements of the job; and

(d) the interview is non-discriminatory in respect of race, gender or disability.

(6) During the interview, the panel must ensure that the applicant being interviewed has a reasonable opportunity to ask questions about the job and employment with the municipality.

(7) The selection panel must keep a written record of their assessment of the candidates interviewed.

(8) After considering all the relevant information, the selection panel must recommend at most three candidates in order of preference, or, if no candidate is found to be suitable, recommend that the post be re-advertised.

(9) Adequate records of the entire selection process must be maintained including: selection and shortlisting criteria; reasons for inclusion or exclusion of the candidates; copies of other assessment results; notes on the interview assessments of each candidate; reference checks; and notes on the deliberations informing the selection decision. These records should be kept in a secure location on the municipality's premises.

(10) After the interviews are finalised, the manager responsible for human resources, in collaboration with the chairperson of the selection panel, must prepare a written motivation detailing the following:

- (a) the selection process,
- (b) the candidate screening outcomes,
- (c) the interview assessment outcomes; and
- (d) the recommendations of the selection panel for the municipal manager or the staff member to whom this function is designated, in the case of other staff.

Appointment

7. (1) The appointment of the approved candidate must be finalised in compliance with regulation 29.

(2) The manager responsible for human resources or the staff member to whom this is designated must—

- (a) submit an offer and letter of appointment to the approved candidate; and
- (b) inform all other candidates interviewed that they were unsuccessful.

GUIDELINE 2D

INDUCTION OF STAFF

Introduction

1. (1) The induction of staff is critical to ensuring—
 - (a) the comprehensive introduction of newly hired staff members to the operations, ethos and culture of a municipality; and
 - (b) the speedy integration and long-term retention of staff members.
- (2) Induction is an important component of the municipality's recruitment and selection, capacity building and retention of staff strategies and procedures.

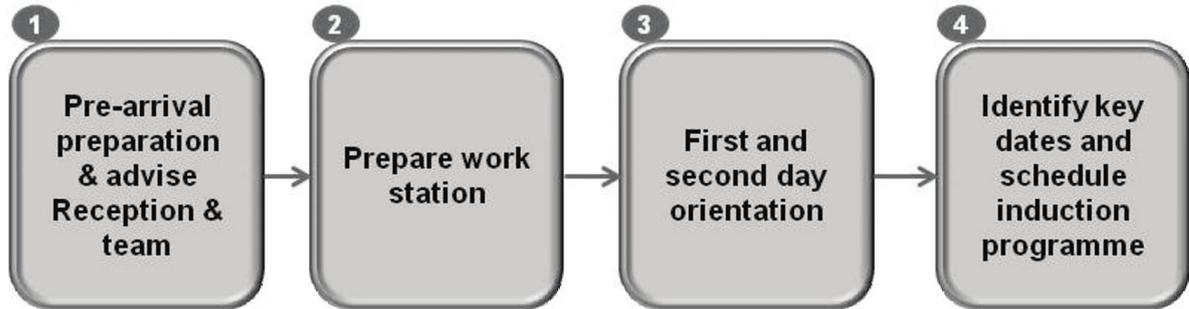

Principles and purpose

2. (1) The importance of consistent induction requires all new municipal staff members to attend a standardised induction programme within a month of commencing employment.
 - (2) Induction programmes should result in new staff members having a clear understanding of the operations of the municipality, as well as its structure, strategy, objectives and culture.
 - (3) Municipalities should use induction programmes to:
 - (a) welcome new employees in a constructive way that projects a positive image of the municipality;
 - (b) introduce the staff member to the working environment and his or her colleagues;
 - (c) facilitate integration into the job functions, the department, team and the municipality as a whole;
 - (d) provide the new staff member with comprehensive information about the municipality's policies, health and safety requirements, procedures, facilities, and services;

- (e) highlight and introduce performance standards, expectations and required behaviour patterns for effective job performance;
- (f) establish a solid foundation for the staff member to embrace the challenges of the post and to build commitment to the municipality; and
- (g) open effective communication channels.

Induction procedure guidelines

3. (1) The following steps are provided as a guideline for any induction programme:

- (2) Step 1: Pre-arrival preparation and advise reception and the team:
- (a) Prepare an information pack for the new staff member prior to arrival containing at least the following information:
 - (i) Welcome letter from the municipal manager and departmental head;
 - (ii) Offer letter and details of package;
 - (iii) Overview of benefits;
 - (iv) Code of conduct;
 - (v) Job description;

The supervisor should ensure that reception knows that the new staff member will be arriving, and can direct the staff member to his or her new work station.
- (3) Step 2: Prepare work station: Ensure that the work area or desk is free and clean and provide some stationery. If the staff member requires a personal computer, arrange one and facilitate password access. Also organise parking and appropriate access cards, if necessary.

GUIDELINE 2E

ATTRACTION AND RETENTION OF COMPETENT STAFF

Introduction

1. (1) The attraction and retention of competent staff must form part of the municipality's talent management framework and strategy.
- (2) Talent management is an integrated process designed to attract, retain and develop competent staff.
- (3) Effective talent management ensures operational continuity and sustainability of the municipality by ensuring that the appropriate people, with the appropriate skills, are in the appropriate job at the right time.
- (4) The municipal manager must ensure that the municipality develops and implements an effective staff attraction and retention strategy and plan.
- (5) A committee of the municipal council established in terms of section 79 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998) must monitor the implementation of the approved staff attraction and retention strategy and plan.

Attraction of competent staff

2. (1) In developing a staff attraction strategy and plan, the municipality must consider the following:
 - (a) The municipality's staff value proposition.
 - (i) A value proposition is the concise description of what the municipality has to offer potential staff.
 - (ii) The employee value proposition is a message designed to persuade and entice sought after professional and technical skills to consider being employed at the municipality.
 - (iii) The staff value proposition should be inspirational, motivational, attractive and distinctive.
 - (b) The municipality's long-term and current strategic organisational requirements in respect of leadership competencies, technical skills and public service imperatives.
 - (c) The municipality's ability as an employer to provide a favourable work environment for staff.
- (2) The attraction strategy and plan should include different techniques that can be used, and may include those set out in Table 3 below.

Table 3**Attraction of staff techniques**

Item	Technique	Examples
1	Buying talent	Building relationships with important sources of talent such as tertiary institutions, business schools, using referral hiring, creating partnerships with staff search agencies, targeting potential staff members, building an internet recruitment strategy.
2	Building talent	Providing training and development for key staff members.
3	Borrowing talent	Forming alliances with organisations in the private and public sector, retaining consultants, building skills transfer programmes, outsourcing work, maintaining relationships with former staff members.
4	Bouncing talent	Investigating opportunities such as secondment, flexible work arrangements and contract work.
5	Binding talent	Offering financial and non-financial inducements to retain talent.
6	Boosting talent	Promotion and staff recognition schemes.

Identification of competent staff

3. (1) The identification of scarce, critical and high-risk skills must form the basis of any talent management interventions.
- (2) The manager responsible for human resources must develop a framework for the identification of competent staff.
- (3) The framework must enable the identification of leadership groups and technical talent in the municipality.
- (4) Supervisors, in consultation with the manager responsible for human resources, must identify competent staff members.

Retention strategy

4. (1) The manager responsible for human resources must—
- (a) oversee the retention strategy; and
- (b) ensure that there is consistency in the way in which competent staff are managed and engaged by—
- (i) ensuring that systems and processes are structured to provide flexibility within the legal framework so that staff can be managed effectively and differently, if necessary;

- (ii) providing supervisors with the authority to act in this regard, whilst offering strategic advice and support;
- (iii) reviewing policies and procedures to ensure that they provide the measure of flexibility necessary to accommodate competent staff members; and
- (iv) developing an accountability framework that details the boundaries within which supervisors may act to retain staff.

Actions to retain staff

5. (1) Each supervisor must engage on an individual basis with those staff identified as competent staff members to understand both their tangible and intangible motivations and aspirations.

(2) This engagement may be integrated with the performance management cycle and the formulation of personal development plans.

(3) The manager responsible for human resources and other human resources staff should support supervisors by providing them with the methodology and instruments to undertake this engagement.

(4) The engagement with a staff member should take into account—

- (a) the staff member's interests, values, skills, and development needs; and
- (b) the various options available to the staff member.

(5) Supervisors, in consultation with staff employed in the human resources function, must identify those tangible and intangible motivations that are not feasible and should consult with the staff member to find a satisfactory solution.

(6) The engagement must result in a plan that is signed off by both the staff member and the relevant supervisor and ratified by the manager responsible for human resources.

(7) The plan should contain both tangible and intangible actions, timelines, targets, and conditional requirements.

(8) The plan should become the basis for the development, engagement and retention of competent staff members.

(9) The manager responsible for human resources, together with the relevant supervisors, must develop and apply a talent exposure programme for new talent entering the municipality or entering a specific level within the municipality.

(10) The exposure programme should aim at providing competent talent with structured exposure to particular fields of work and roles.

(11) The manager responsible for human resources, or the person to whom this function is delegated, must ensure that the programme defines the roles that talent on the programme will perform so that their skills and development requirements are optimised during the exposure, and expectations are managed.

(12) Supervisors should engage with competent staff members in a discussion regarding their plan on an ongoing basis.

(13) The talent management plan must be reviewed annually and the review should coincide with the performance management cycle of the municipality.

(14) The review should consider the steps that have been completed in the plan, what is still required to be done, performance, next steps, amendments and support needed.

(15) The plan should be updated and sent to the manager responsible for human resources for ratification.

- 1.2 Mr/Ms.....of.....(“ the Staff member”) and (jointly referred to as “the parties”).

2. APPOINTMENT AND DURATION

- 2.1 This agreement constitutes the sole agreement between the parties and no representation not contained in this agreement will be of any force between the parties.
- 2.2 Irrespective of the last date of signature of this agreement, this agreement will be effective from, and will be deemed to have commenced on _____.
- 2.3 The Municipality hereby confirms the appointment of the Staff member to the position of _____, and the Staff member hereby accepts such appointment.
- 2.4 During the subsistence of this agreement, the Staff member must devote all of his or her time and attention during working hours to the administration and affairs of the Municipality.
- 2.5 This agreement will endure until terminated in accordance with the termination provisions contained in this agreement.

3. PROBATIONARY PERIOD

- 3.1 This clause will only be applicable to new staff members.
- 3.2 The Staff member shall serve an initial probationary period of _____ months as calculated from the date of his or her employment with the Municipality.
- 3.3 During this probationary period the Staff member’s suitability for permanent employment will be assessed, and, at the completion of the probationary period, the Staff member’s permanent employment will either be confirmed or not confirmed, provided that nothing in this agreement must be construed as preventing the Municipality from renewing or extending the probationary period.

4. PLACE OF WORK

- 4.1 The Staff member will normally perform his or her duties at _____.
- 4.2 The Municipality may, however, require the Staff member to work at such places within the Republic whether on a temporary or permanent basis, as the Municipality may from time to time require, and may require the Staff member to travel nationally and internationally in order to meet the Municipality’s operational needs.

5. HOURS OF WORK

- 5.1 The Staff member will be required to work _____ ordinary hours of work per week. The official business hours of the Municipality are from 08h00 to 16h30, Monday to Friday. The starting and finishing times may however be changed by Management depending on the operational needs and requirements of the operation. These hours are merely a guide and the Municipality expects the Staff member to work such additional hours as are commensurate with the duties and responsibilities attaching to the Staff member's position and status.
- 5.2 The Staff member will be permitted to take ____ as a meal interval, during his or her normal working hours, on a daily basis. During the meal interval, the Staff member may be required or permitted to perform only the work that cannot be left unattended and cannot be performed by another staff member. The staff member is entitled to two tea breaks, no longer than 15 minutes each that will be taken as needed.
- 5.3 It is a material term and condition of the Staff member's employment that he/she agrees to work overtime AND/OR on Sundays when required or requested to do so, within the parameters permitted by the law. Given the Staff member's position in the Municipality, it is incumbent on the Staff member to work such hours as are required for the fulfilment of his or her duties at any given time, without necessarily being requested by the Municipality to do so.

DRAFTING NOTE – DELETE WHICHEVER IS NOT APPLICABLE: EITHER 5.4 TO 5.6 (STAFF MEMBERS EARNING BELOW THE BCEA EARNINGS THRESHOLD) OR 5.7 (STAFF MEMBERS EARNING ABOVE THE BCEA EARNINGS THRESHOLD)

- 5.4 It is recorded that at the date of signature of this Agreement that Chapter 2 of the Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997) (the "BCEA") is applicable to the Staff member's employment. Chapter 2 relates to hours of work and payment for overtime for a Staff member who earn less than the statutorily determined minimum threshold, and/or who are not senior managerial Staff member.
- 5.5 The staff member is entitled to be paid one and a half times his or her hourly remuneration for every hour of approved overtime worked. In respect of Sunday overtime work, the Staff member is entitled to be paid two times his or her hourly remuneration for every hour of approved overtime worked.
- 5.6 Insofar as there may be changes to Chapter 2 of the BCEA so that any increased payments or benefits arising there from no longer apply to the Staff member because the Staff member is earning in excess of the earnings threshold prescribed, the Staff member's contract of employment will be deemed automatically to have been amended. The effect of this is that the Staff member may thereafter be required to work overtime including weekends, without additional remuneration.
- 5.7 It is recorded that at the date of signature of this Agreement that Chapter 2 of the BCEA is not applicable to the staff member's employment by virtue of either his or her positional duties and/or because his or her annual earnings exceed the statutory threshold of

earnings as contemplated by the BCEA. The Municipality is accordingly not under any obligation to regulate the staff member's working hours within the parameters of such Chapter, nor to make any payment of remuneration arising out of such Chapter. For the avoidance of doubt, the Staff member is obliged to work such hours and on such days as required by the Municipality without receiving any additional compensation therefore.

6. PAYMENT OF REMUNERATION

- 6.1 The Staff member's remuneration will be calculated on a total cost to Municipality basis and paid monthly in arrears on the ____ day of each consecutive month into an account with a South African financial institution as nominated by the Staff member in writing.
- 6.2 The staff member's salary will be reviewed annually and increases in basic remuneration will be determined with reference to the staff member's performance as assessed and measured against the performance standards provided for in this contract and in terms of any performance management system adopted and implemented by the Municipality and the conditions of the annual wage agreement reached in the South African Local Government Bargaining Council, if applicable.
- 6.3 The Staff member may be entitled to receive a performance reward in line with Chapter 5 of the Local Government: Municipal Staff Regulations, 2015. The performance reward remains solely at the discretion of the Municipality and is subject to the performance of the Municipality as measured by the Municipality's performance management system and the performance of the Municipality.

- 7.1 The Municipality will be entitled to deduct from the Staff member's remuneration:

- 7.1.3 any other amount as required by an order of court or in terms of any applicable legislation without seeking written authorisation of the Staff member.
- 7.2 It is expressly agreed that should the Staff member, at any time, owe any amounts to the Municipality, he/she hereby authorises the Municipality to deduct such amounts owed from or set off amounts owed against, any amount owed to the Staff member by the municipality. Further, the Staff member expressly agrees that the municipality may make deductions from his or her pension fund moneys where there is a shortfall in what is owed to the Staff member by the Municipality after deductions or set offs have been made from moneys owed by the Municipality to the staff member

- 10.1 The contract of employment will terminate —

The Municipality may not unreasonably refuse an annual leave application.
- 11.4 The staff member must take at least 10 working days annual leave in each annual leave cycle and the remaining days must be taken before the end of the following annual leave cycle, failing which the staff member forfeits the annual leave days.
- 11.5 The staff member may not cash in any portion of his or her annual leave, other than in that instance as specifically provided for in clause 11.6 below.

GUIDELINE 4C**USING THE ASSESSMENT RATING CALCULATOR****USING THE ASSESSMENT RATING CALCULATOR FOR SUPERVISORY STAFF MEMBERS****A. FOR THE KPAs**

1. For each KPA fill in the weighting that has been allocated to it. Ensure that the weightings allocated to all KPA's add up to 100. Note that space is made for 10 KPAs, but should be limited to 5 or 6 in number.
2. Rate each KPA according to the extent to which performance has met the criteria specified in the standards and indicators. Use the five point scale described in table 6.
3. The assessment rating calculator will automatically calculate a score for each KPA by multiplying the weighting by the rating.
4. The calculator will then automatically calculate a total score for the work plan by adding up the scores and multiplying this total by the 80% weighting allocated to the KPAs.

B. FOR THE JOB-SPECIFIC COMPETENCIES

1. For each relevant job-specific competency complete the weighting that that has been allocated to it. Ensure that the weighting adds up to 100. Note that municipalities are advised to limit the total number of job-specific competencies to 5.
2. Rate each job-specific competency according to the extent to which performance has met the specified standards. Use the five point scale described in table 6.
3. The assessment rating calculator will automatically calculate a score for each job-specific competency by multiplying the weighting by the rating.
4. The calculator will then automatically calculate a total score for the job-specific competency by adding up the scores and multiplying this total by the 20% weighting allocated to the job-specific competency.

USING THE ASSESSMENT RATING CALCULATOR FOR NON SUPERVISORY STAFF MEMBERS**A. FOR THE KPAs**

1. For each KPA fill in the weighting that has been allocated to it. Ensure that the weightings allocated to all KPA's add up to 100. Note that space is made for 10 KPAs, but should be limited to 5 or 6 in number.
2. Rate each KPA according to the extent to which performance has met the criteria specified in the standards and indicators. Use the five point scale described in table 6.
3. The assessment rating calculator will automatically calculate a score for each KPA by multiplying the weighting by the rating.
4. The calculator will then automatically calculate a total score for the work plan by adding up the scores and multiplying this total by the 100% weighting allocated to the KPAs.

C. ASSESSMENT RATING CALCULATOR

1. The assessment rating calculator for supervisory staff members will provide a final appraisal score by adding the totals obtained for the KPAs and the job-specific competencies.

GUIDELINE 5B

SKILLS NEEDS ANALYSIS

Introduction

1. (1) A skills needs determination comprises—
- (a) a skills needs analysis; and
 - (b) a staff skills audit.
- (2) This guideline details the actions necessary to conduct a skills needs analysis at a municipality.
- (3) The skills needs analysis should be conducted on a five year cycle as part of the integrated development planning process and reviewed annually.

Purpose

2. (1) Strategic analysis and planning around skills needs should ensure that staff members have the appropriate skills to perform their functions.
- (2) This is especially important in priority roles and critical and scarce skills, which have a disproportionate impact on the efficiency and effectiveness of local government service delivery.
- (3) These priority skills needs may be municipality-wide or in a particular department or function.

Critical roles and job categories

3. (1) Critical roles and job categories usually include—
 - (a) managerial, professional and technical roles; and
 - (b) roles that—
 - (i) require strategic and analytical functions;
 - (ii) involve a relatively high degree of discretionary decision-making;
 - (iii) a relatively high level of risk associated with decisions made; or
 - (iv) require long lead times (2+ years) to develop the qualifications and a further time (3+ years) to develop the experience required to be able to perform competently.

Determining strategic skills needs

4. (1) The manager responsible for human resources, the Skills Development Facilitator and senior management of the municipality should determine the skills needs of the municipality by facilitating an annual assessment that—
 - (a) measures the municipality's performance against its integrated development plan;
 - (b) identifies the roles that are constraining service delivery, affecting community satisfaction or the efficient and effective internal operations of the municipality; and
 - (c) analyses the performance reviews and personal development plans of staff members employed in critical roles and job categories.
- (2) The annual assessment should involve—
 - (a) meetings with each municipal department to—
 - (i) evaluate the reasons for poor service delivery and performance by the department, if any;
 - (ii) determine whether a lack of skills has contributed to the poor performance;
 - (iii) evaluate stakeholder complaints to establish whether poor service is a result of a lack of skills in certain key roles;
 - (iv) identify whether these problems are in critical roles and job categories which may need to be tracked more closely; and
 - (v) identify the skills problems and needs associated with these roles; and
 - (b) meetings with the senior management team of the municipality to—
 - (i) present an aggregate assessment of the skills needs arising out of the department analysis; and
 - (ii) validate the priority skills needs to be addressed by the municipality in the forthcoming year.

Planning skills development programmes in critical roles and job categories

5. (1) The manager responsible for human resources should—
 - (a) prioritise the recruitment of the appropriate persons and skills for these roles to ensure there are no vacancies in these posts;
 - (b) prioritise the development of incumbents in these roles to ensure they are fully competent to perform their jobs;
 - (c) prioritise the development of succession plans and continuity of skills to replace incumbents who leave; and
 - (d) prioritise the retention of talented individuals in those identified roles.
- (2) The Skills Development Facilitator must identify high quality learning programmes for employees in critical roles and job categories as well as for persons that may or are likely to be employed in posts in critical roles and job categories.
- (3) These programmes may include leadership development programmes, learnerships, apprenticeships or carefully targeted short development courses.
- (4) The Skills Development Facilitator should report to the senior management team monthly on progress relating to the implementation of these programmes.
- (5) The Skills Development Facilitator and the manager responsible for human resources should report on the tracking of vacancies, recruitment, retention and succession plans for the identified critical roles and job categories.

GUIDELINE 5C

STAFF SKILLS AUDIT

Introduction

1. (1) A skills needs determination comprises—
 - (a) a skills needs analysis; and
 - (b) a staff skills audit.
- (2) This guideline details the actions necessary to conduct the staff skills audit.
- (3) The purpose of a staff skills audit within a municipality is to determine the gaps associated with every staff member's current and future skills needs in the municipality.
- (4) The staff skills audit should be conducted on a five year cycle as part of the integrated development planning process and reviewed annually.
- (5) The following steps should be followed in conjunction with the Local Government Skills Audit Questionnaire.

Skills Audit Process

2. (1) The following actions should be undertaken—
 - (a) Identify the role competencies and definitions.
 - (i) For middle management roles and staff members below middle management roles, the Skills Development Facilitator must enable access to, or make available, the competency set in Annexure A of the Regulations to the supervisor of the incumbent undergoing the audit.

- (ii) For technical, administrative or functional roles undergoing audit, the Skills Development Facilitator must enable access to, or make available, the competency set in Annexure A of the Regulations to the supervisor of the incumbent undergoing the audit.
- (b) Assess the role competencies and definitions. The manager of the incumbent must use the Local Government Skills Audit Questionnaire in conjunction with the appropriate role competencies and definitions obtained from the Skills Development Facilitator to —
 - (i) assess and review the role competencies and definitions; and
 - (ii) to rate the incumbent against the competencies.
- (c) Identify the competency gaps from the skills audit and address them in the personal development plan.

GUIDELINE 5D**PERSONAL DEVELOPMENT PLAN**

By completing a Personal Development Plan (PDP), a staff member takes charge of his or her own learning. A Personal Development Plan (PDP) enables learners to identify key areas of learning and development that will enable them to either acquire new or develop existing skills and behavioural attributes

GUIDELINE 5E

EVALUATING SKILLS DEVELOPMENT QUALITY AND IMPACT

Introduction

1. (1) Evaluating the quality and impact of skills development highlights the importance of evaluating the effectiveness and impact of learning interventions.
- (2) A municipality should conduct an annual evaluation of learning interventions, the results of which should be used to improve both individual and strategic skills development, and learning and development in the municipality.
- (3) The outcomes of these skills development evaluations should be integrated with evaluations of other environmental and institutional capacity building initiatives, in order to assess how the municipality can and should improve its overall capacity to deliver on its mandate.
- (4) Reporting on skills and capacity building initiatives should be done by the Skills Development Facilitator to the municipal management team and to the MEC and Minister.

Training evaluation model

2. (1) The Kirkpatrick and Phillips model of training evaluation, customised for the municipal sector, may be used to evaluate skills development and training in municipalities.
- (2) This evaluation model is in figure 1 below.

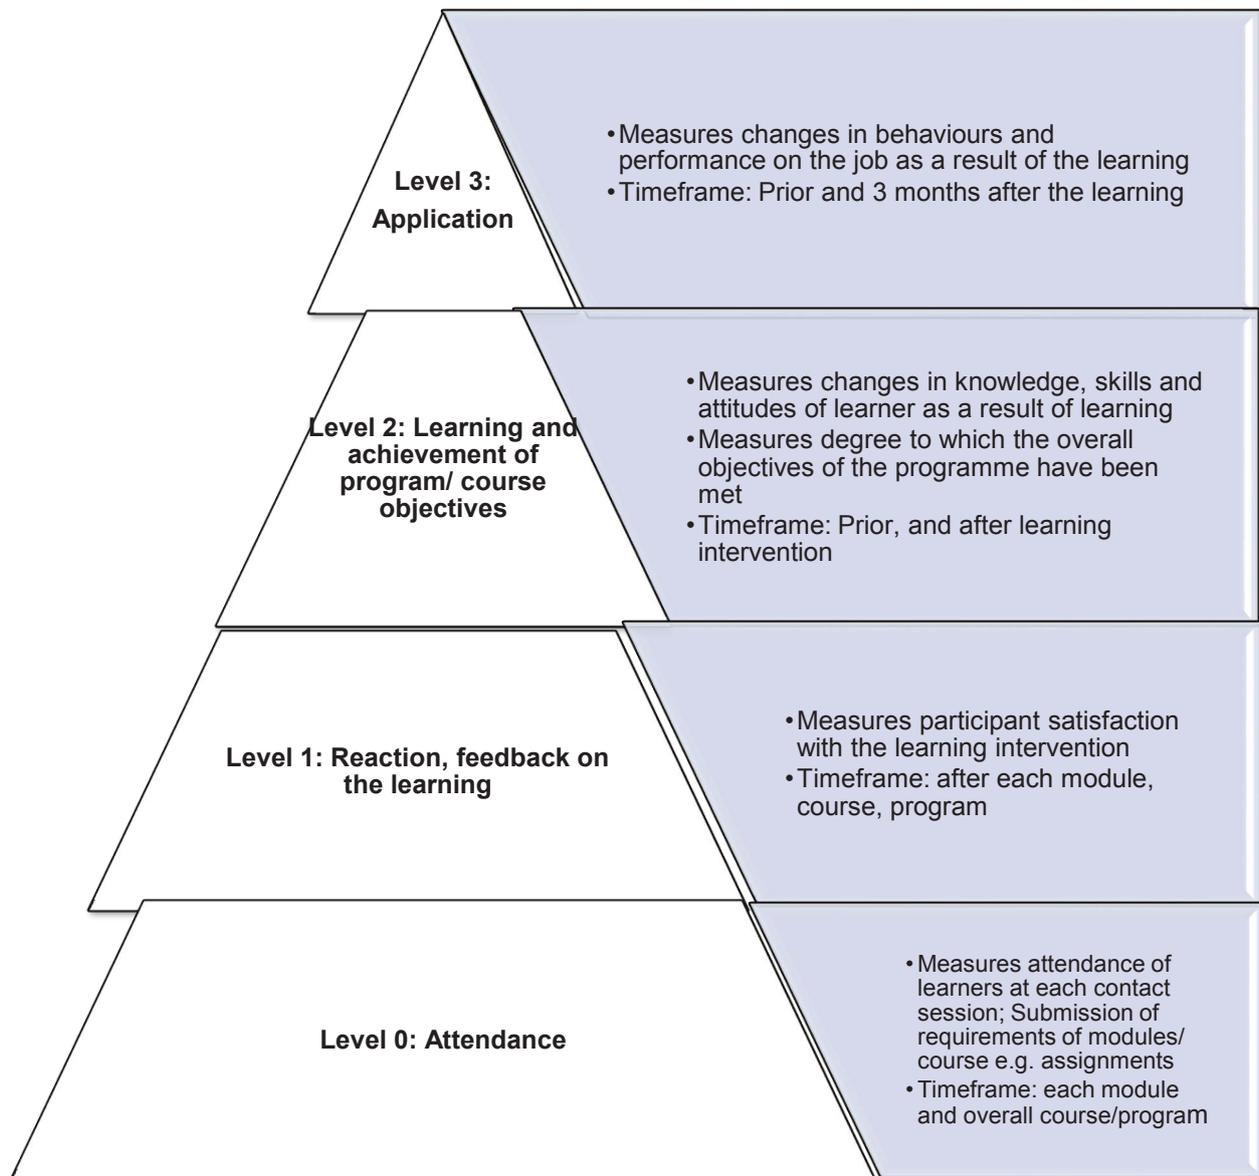

Figure 1: Kirkpatrick's and Phillip's model of training evaluation

Process of training evaluation

3. At various intervals during each training intervention, a municipality should follow the steps described in Table 1 below to evaluate and report on the effects of training interventions, for each level of evaluation in the model.

Evaluation level	Stage in learning process	Key activities	Responsibility
Level 0: Attendance	Pre-training	Confirm numbers of learners	Skills Development Facilitator
	During training	Complete attendance register	Trainers/ facilitators
	Post-training	Report on aggregate attendance levels of learners on course	Trainers/ facilitators
Level 1: Learner reaction/ feedback	Pre-training	Ensure training provider has learner feedback form that meets requirements	Skills Development Facilitator
	During training	Learners complete feedback form after each contact session	Trainers/ facilitators
	Post-training	Learners complete program/ course feedback form Aggregate and report on learner feedback and satisfaction with course/ programme	Skills Development Facilitator and Trainers/ facilitators
Level 2: Learning and achievement of program / course objectives	Pre-training	<ul style="list-style-type: none"> Set clear learning objectives for course/ program/ learning intervention Identify competencies (with the competency definitions) to be developed during training Undertake pre-training 180 degree competency assessment (self and manager assessment of learner competence), using 5 point Likert scale 	Skills Development Facilitator, employee and manager, and facilitator or training provider
	During training	<ul style="list-style-type: none"> Conduct interim reviews on whether learning objectives are being achieved and adjust intervention accordingly Assesses progress of learners in each module using assignments written by learners; and produce qualitative report on learner application of competencies during exercises and action learning during contact sessions 	Skills Development Facilitator, facilitators, training provider
	Post-training	<ul style="list-style-type: none"> Conduct post-learning assessment of whether learning objectives met and feed results into the future design and development processes Undertake post-training 180 degree competency assessment (self and manager 	Skills Development Facilitator, employee and manager

		assessment of learner competence), using 5 point Likert scale <ul style="list-style-type: none"> Aggregate assignment results of each learner and facilitator reports on learners; and produce qualitative report on learner application of competencies during exercises and action learning across the whole course/ program 	
Level 3: Application	Pre-training	<ul style="list-style-type: none"> Record the most recent formal performance scores of the individual, and/ or Identify and record particular outputs that the individual learner is not delivering effectively 	SDF and supervisor
	During training	<ul style="list-style-type: none"> Monitor improvements in the delivery of the specific outputs by the learner 	Supervisor
	Post-training	<ul style="list-style-type: none"> Monitor and report on whether the learner has improved the delivery of the specific outputs Check whether the next round of performance scores of the learner have improved and report on findings 	Skills Development Facilitator and supervisor

Evaluation of impact of learning

4. (1) The aim is to assess the impact learning and development has had on the staff member's work and performance.

(2) The evaluation should be undertaken approximately three months after the completion of learning, though the effects of the learning should be monitored on an ongoing basis by the staff member's supervisor.

(3) Both the staff member and his or her supervisor should complete the assessment.
