LIAR MEC ANTON BREDELL

Please add this to the evidence of the Love Knysna Petition that's to be considered on September 13 2017 by this Select Committee Petitions & Executive Undertakings.

Please confirm that my statement is true by viewing the video posted at www.knysnakeep.org/video-da-minister-anton-bredell-lies-knysna. You already have information in your possession, as well as your own experience, to further corroborate.

MEC ANTON BREDELL LIES ON CAMERA

Democratic Alliance (DA) MEC Anton Bredell lied on camera to a full sitting of the House of the Western Cape Provincial Parliament on August 3 2017.

In response to questions from ANC MP Richard Dyanti, Bredell and other DA members were blatantly evasive and deflective, talking about clean audits and the Great Knysna Fire instead of answering about the matters at hand such as the illegal appointment of Knysna Municipality Director Dawie Adonis (who was in charge during the fire and, the same month, admitted by the Knysna Municipality to being illegally appointed).

Bredell lied that the Public Protector, "Standing Committee" (this Committee) and his own department of Local Government had found no wrongdoing regarding the ISDF, the 30-year plan for Knysna.

That's lie because:

1. NCOP/ has yet to make a decision/recommendation.
2. The Public Protector has my complaint in their possession but has failed to investigate let alone make a decision.

3. Bredell's own Department of Local Government was condemning of the initial ISDF contract, so much so that Public Protector was called in to stop them hiding the report.

Bredell never responded to the request for a SIU (Special Investigative Unit). When someone yelled out, *"He can't investigate himself,"* it was true because Bredell is implicated, caught out for his bias towards a consortium headed a property developer that never won the tender.

Dyanti also read out one of the threats against me by DA Councillor Dr Martin Young: *"You seem not to realize that you are in no position to negotiate. I'm surprised you even tried. We hold all the cards, and have all the power to make your life really and truly miserable."*

The DA became the fish in the room when they failed to respond. That must also become further evidence as to the way I'm disregarded by the Western Cape Local Government and the Democratic Alliance which, in effect, are one and the same.

MEC Anton Bredell, who has repeatedly received detailed evidence from me, is firmly on the hook, waiting to be pulled out of dark waters to try flop about on a boat of justice.

It's hoped by this petitioner that the fisherman is Parliament.

Regarding Government for the Public, "accountability" must be an action, not only a word.

NOTE

Much wrongdoing has happened since my last appearance before the Committee. I shall send an update by tomorrow.

Thank you.
