FOREWORD BY THE MINISTER OF TOURISM

Achieving our strategic aspirations for the inclusive and sustainable growth of tourism in our country depends largely on successfully implementing the activities detailed in this Annual Performance Plan.

Our plans are only as good as our capacity to achieve the milestones we have specified, and our ability to measure ourselves according to the indicators and targets we have established for the year ahead.

Execution of these plans will take place against a background of change, as the Department of Tourism reviews its organisational structure to deliver on the evolving strategic focus, SA Tourism reconsiders its marketing strategy, and the sector takes a fresh look at the overall long-term strategy for tourism.

This performance plan details how accelerated transformation, additional skills and destination development and more accessible domestic tourism are central to creating and sustaining additional jobs in tourism, and improving the significant contribution of tourism to our GDP even further.

To accelerate transformation, the Department of Tourism will conduct a study to establish a baseline for the Amended Tourism B-BBEE Sector Code targets. An internet portal will be developed to help SMMEs take up commercial opportunities, and the Department will also provide incentives to support small Black businesses operating in the sector.

The Social Responsibility Implementation (SRI) programme, conducted under the auspices of the Expanded Public Works Programme (EPWP) will stimulate job creation with a bias towards tourism infrastructure projects in rural areas.

The Enterprise Development Programme is being expanded to reach more tourism SMMEs, and tourism business incubators will promote inclusive participation near popular tourism magnets.

The Department is also enhancing tourism facilities and services at iconic tourism attractions such as World Heritage Sites, National Parks and Botanical gardens. These initiatives are among many that have been designed to improve our destination's competitiveness, create new opportunities for enterprise development and job creation, and advance towards a more inclusive future.

Tourism is a multifaceted sector, and its success requires close cooperation and partnerships with a variety of stakeholders in the public and private sector, and in communities throughout the country.

Success relies on the commitment and dedication of every person in our national and provincial departments, our tourism entities and the wider industry. We look forward to working together over the next year to meet our immediate targets as we strive to achieve our long-term goals.

**Derek Hanekom, MP
Minister: Tourism**

MESSAGE BY THE DEPUTY MINISTER OF TOURISM

This promises to be an amazing year for tourism and the Department is excited about rolling out the initiatives that were crafted in the Strategic Plan.

Tourism is people driven and labour intensive. There is therefore a direct correlation between the growth of the industry and employment. Tourism is about promoting employment in labour absorbing industries. This reaffirms the multiplicity of Tourism and how it cuts across all sectors.

One strong focus will be to facilitate tourism capacity building programmes. This includes the implementation of a programme to capacitate tourist guides at 2 World Heritage Sites. Tourist guiding forms an important sub-sector of Tourism. It is a vital link in the tourism value chain and enhances the visitor experience which in turn ensures return visitors and further economic growth.

The development of the Social Tourism concept which aims to inculcate a culture of travel among South Africans, we envisage the facilitation of 4 social tourism initiatives targeting youth, the elderly, people with disabilities and stokvel groups.

Our aim is to safeguard the long-term prosperity of the tourism industry through sustainable development, giving special attention to training human resources in specifically tourism-orientated skills, which will ensure the professionalism of service performance. Several capacity building programmes have been identified to give expression to this. In this cycle, we aim to capacitate 577 learner chefs, 270 sommeliers, 3400 tourism buddies and 300 graduates recruited and placed for the Food Safety Programme. We will continue with the successful annual NTCE which has become an institution for both learners and educators.

The launch this year of the Executive Development Programme aims to capacitate black women managers in the sector. Enterprise support is pivotal and 100 enterprises will be supported for development.

We will further create SRI employment opportunities through the EPWP by identifying tourism area where EPWP interventions can result in poverty alleviation while simultaneously contributing to tourism development.

Going forward, the department realises the importance that entrepreneurship plays in job creation and transformation and is establishing a dedicated programme within the department to drive enterprise development in collaboration with the Department of Small Business Development.

In collaboration with Industry, we seek to create 225 000 new jobs by 2020. However, with tourism projected to grow annually at higher rates than most sectors, in the foreseeable future, we envisage that the target is more than achievable.

Tourism is indeed moving South Africa forward.

**Tokozile Xasa, MP
Deputy Minister: Tourism**

National Department of Tourism Annual Performance Plan 2016/17

National Department of Tourism Annual Performance Plan 2016/17

OFFICIAL SIGN-OFF

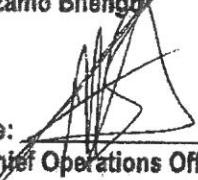

It is hereby certified that this Annual Performance Plan:

- Was developed by the management of the Department of Tourism under the guidance of Minister Derek Hanekom, MP.
- Was prepared in line with the current Strategic Plan of Department of Tourism.
- Accurately reflects the performance targets which the Department of Tourism will endeavour to achieve given the resources made available in the budget for 2016/17.

Executive Authority

PART A: STRATEGIC OVERVIEW

1. Updated situational analysis

The 2016/17 Annual Performance Plan review was tabled at the same time as the 2016/17-2020/21 Strategic Plan, and as a result, there were no updates to be incorporated into the situational analysis of the performance or the organisational environment. Future updates will be reflected in the 2017/18 Annual Performance Plan.

2. Revisions to legislative and other mandates

The Department is currently reviewing the National Tourism Sector Strategy (NTSS), development of regulations for the implementation of the Tourism Act, 2014 (Act No.3 of 2014) and amendment of the Tourism Act, 2014 (Act No. 3 of 2014). These processes will be finalised in the 2016/17 financial year.

3.2. Relating expenditure trends to strategic outcome-oriented goals

The spending focus over the medium term will be on creating employment opportunities through the implementation of the Expanded Public Works Programme (EPWP) and the Blue Flag programme, which is aimed at growing coastal and tourism; increasing the number of tourist arrivals, which are projected at 9 077 995 million in 2016/17 to 10 177 821 million in 2018/19, by marketing South Africa internationally; incentivising priority areas, i.e. market access, energy efficiency and the Tourism Grading Council, and supporting tourism attractions through the Tourism Incentive Programme.

Expenditure in the Policy and Knowledge Services and Domestic Tourism Management programmes grew significantly over the MTEF period by a total average of 63,1% and 21,9% respectively. This is due to the implementation of the EPWP, the Tourism Incentive Programme and the transfer payment to South African Tourism. Cabinet approved a budget increase of R6,1 million in 2016/17 in the Department's budget for compensation of employees due to the 2015 public sector wage agreement. However, Cabinet also approved

National Department of Tourism Annual Performance Plan 2016/17

budget reductions of R17,5 million and R26,6 million in 2017/18 and 2018/19 respectively for compensation of employees as part of its decision to lower the national aggregate expenditure ceiling. This brings the ceiling on the budget for compensation of employees to R265,5 million in 2016/17, R274,9 million in 2017/18 and R285,8 million in 2018/19. After consultation with the Department of Public Service and Administration and National Treasury, the Department will develop and implement a plan to manage its personnel expenditure within these budget ceilings.

The Tourism Incentive Programme sub-programme, which is budgeted for under the Policy and Knowledge Services programme, became fully operational in the 2015/16 financial year. The programme received a budget of R552,9 million over the MTEF period and will focus on supporting tourism attractions to enhance destination competitiveness. Underutilised and unutilised public recreational facilities and resorts will be redeveloped as tourism destination sites. Besides its job creation and economic growth outcomes, the tourism destination programme is aimed at enhancing infrastructure facilities to maximise tourism benefits; promoting greater participation in tourism and leisure activities, particularly among low-income people and families; attracting private-sector investment in those facilities; sector transformation, and addressing the challenges of uneven geographical spread of tourism products and seasonality. The programme will further support SMMEs by assisting them to participate in local and international trade exhibitions, thus creating direct linkages with international tourism companies. The 2016/17 staff complement of the Policy and Knowledge Services programme will be 77.

The spending in the Domestic Tourism Management programme will be on creating employment opportunities and capacity-building programmes. Over the medium term, the EPWP budgeted under the Social Responsibility Implementation sub-programme will create 10 323 full-time equivalent (FTE) jobs targeting the poor and unemployed, including women, youth and people living with disabilities. The programme will further contribute to a skilled and capable tourism workforce offering excellent services to tourists. These initiatives support government's broader objectives, such as poverty reduction, transformation, empowerment, rural development, economic growth and job creation.

South African Tourism (SAT) is responsible for marketing South Africa as a domestic and international tourist destination of choice. Transfers to SAT constitute 50% of the departmental budget over the medium term, including R105 million received through government's economic competitiveness support package, which is allocated in 2016/17 for domestic marketing programmes. Over the medium term, SAT will focus on increasing tourism's contribution to the economy by growing tourist arrivals, tourism revenue, domestic holiday trips and total domestic direct spend.

PART B: PROGRAMMES AND SUB-PROGRAMMES

4. Departmental programmes: Strategic objectives, programme performance indicators (PPIs) and annual targets for 2016/17 - 2018/19

4.1. ADMINISTRATION: CHIEF OPERATIONS OFFICER

Programme purpose: To provide strategic governance and risk management, legal, corporate affairs, information technology, internal audit, financial management and strategic communications support services to the Department

| | | | | | | 252,869 |

4.1.2 Expenditure trends

The spending focus over the medium term will be on developing tourism regulations relating to the National Tourism Information and Monitoring System (NTIMS) as well as the procedure for lodging tourist complaints. Furthermore, the programme will focus on the implementation of the Workplace Skills Plan. The expenditure for programme 1 is expected to increase from R237,5 million in 2016/17 to R252,9 million in 2018/19. This represents an average growth rate of 2,7%, which is mainly a result of annual salary increases. The Corporate Affairs sub-programme, which provides support services, accounts for 65,5% of the total programme budget. Expenditure on goods and services is expected to grow over the medium term due to increases in the cost of computer services for data lines and servers, office accommodation and domestic travel.

4.2. PROGRAMME 2: POLICY AND KNOWLEDGE SERVICES

Programme purpose: To support the sector through policy development and evaluation, research and knowledge management, and the promotion of transformation and responsible tourism

Table 3: Policy and Knowledge Services strategic objectives and annual targets

| | Audited/actual performance | | | Estimated performance 2015/16 | Medium-term targets | | | | | | | | | |

4.2.2 Expenditure trends

The programme 2 spending over the medium term will be focused on developing tourist attractions to enhance South Africa's competitiveness as a tourism destination, as well as the transfer of funds to South African Tourism to continue marketing the country as a domestic and international tourist destination. The expenditure for programme 2 is expected to increase from R1,3 billion in 2016/17 to R1,4 billion in 2018/19. This represents an average growth rate of 5,1%, which is mainly due to an increase in the budget for the Policy Development and Evaluation sub-programme. However, the sub-programmes South African Tourism and Tourism Incentive Programme respectively account for 81% and 14,3% of the total programme budget. Transfers and subsidies constitute 89,5% of the programme budget over the Medium-Term Expenditure Framework (MTEF) period.

4.3. PROGRAMME 3: INTERNATIONAL TOURISM MANAGEMENT

Programme purpose: To provide strategic policy direction for the development of South Africa's tourism potential across various regions of the world

Table 5: International Tourism Management strategic objectives and annual targets

| Audited/actual performance 2012/13 | 2013/14 | 2014/15 | Estimated performance 2015/16 | Medium-term targets | | | | |

4.3.2 Expenditure trends

The spending focus over the medium term will be on facilitating capacity-building programmes, namely cross-border guiding, international placement of 12 learner chefs, and language training for tourist guides, including training in sign language. The expenditure for programme 3 is expected to increase from R54,7 million in 2016/17 to R58,7 million in 2018/19. This represents an average growth rate of 7,4%, which is mainly a result of a budget increase for the Americas and Western Europe sub-programme, which accounts for 36,5% of the total programme budget. Compensation of employees is expected to grow over the medium term due to annual salary increases.

PROGRAMME 4: DOMESTIC TOURISM MANAGEMENT

Programme purpose: To provide strategic policy direction for the development and growth of sustainable domestic tourism throughout South Africa

Table 7: Domestic Tourism Management strategic objectives and annual targets

| Audited/actual performance | | | Estimated performance 2015/16 | Medium-term targets | | |

4.4.2 Expenditure trends

The spending focus over the medium term will be on creating 10 323 FTE jobs through the implementation of the EPWP. This programme will further focus on supporting rural enterprise development, which will contribute to rural economic growth and poverty reduction. The expenditure for programme 4 is expected to increase from R444,7 million in 2016/17 to R460,8 million in 2018/19. This represents an average growth rate of 14,5%, which includes the budget for the SRI sub-programme, which accounts for 36,5% of the total programme budget. However, Cabinet approved EPWP budget reductions of R40 million in 2016/17, R50 million in 2017/18 and R60 million in 2018/19. Goods and services include EPWP training expenditure, which constitutes 36,9% of the total programme budget, whereas payment for capital assets includes expenditure on EPWP infrastructure projects, which makes up 17,6% of the total programme budget.
